

Right Angles in the Home

I can identify right angles.

Find 9 examples of right angles in your home and draw them in the boxes below.

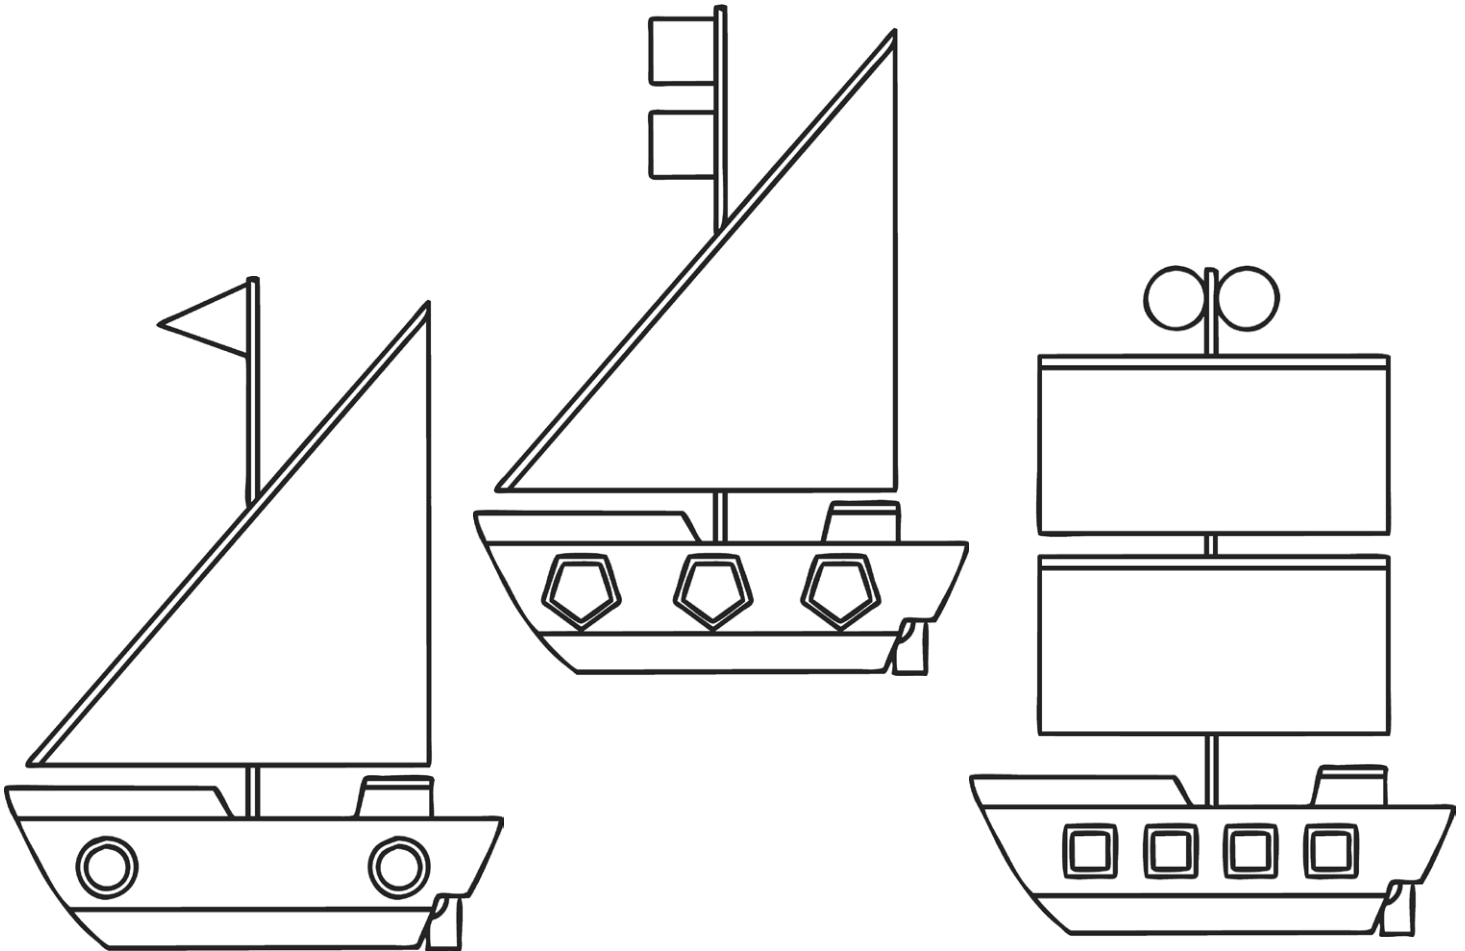

Right Angles Colouring

I can identify right angles.

Colour in the angles of each picture:
red for right angles, green for acute angles and blue for obtuse angles.

How many right angles are there?	How many obtuse angles are there?	How many acute angles are there?	How many angles are there altogether?

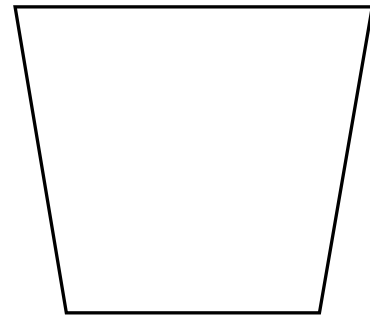

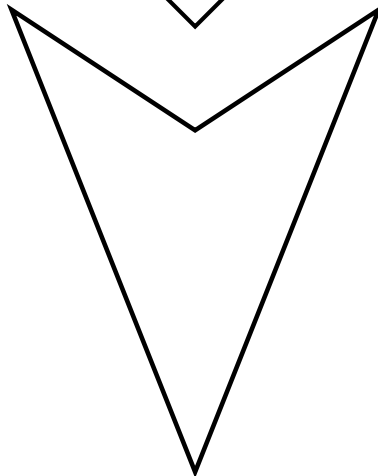

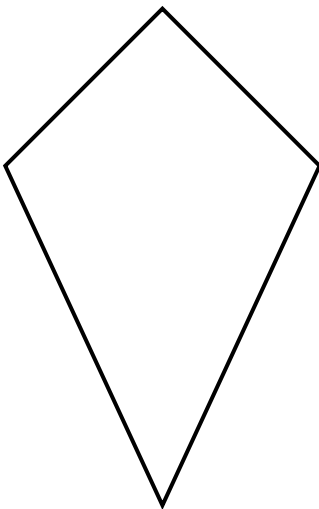

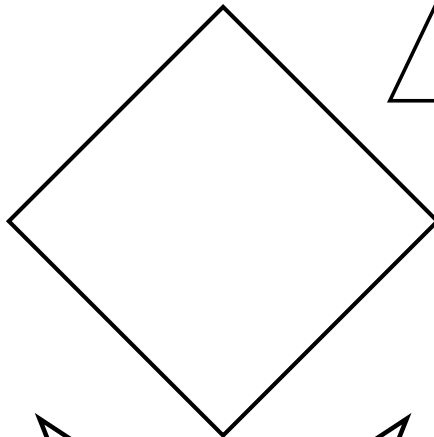

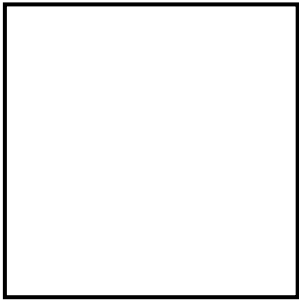

Right Angle Investigation

I can identify right angles.

Look at the quadrilaterals and then complete the true or false table.

Statement	True	False
All quadrilaterals have 4 right angles.		
All quadrilaterals have at least one right angle.		
All irregular quadrilaterals have no right angles.
